THESE ARE SOME IDEAS OF WHAT OUR UNITS COULD COMPLETE.

We all can support the families of service members and check and see if they have a Blue or Gold Banner to display for recognition of a service member's service.

There is a financial assistance should they inquire. They support American Red Cross Armed Forces, need help call 1(877)272-7337.

Our National Security accommodates many featured areas for the United States.

1. The Community Emergency Response Training; known as CERT.
2. Remember our emergency kit and plans are affected in your area. Just help with updating them all.
3. Donate blood – if able
4. Always get your juniors involved! Have them start a youth preparedness program in their community. Will help them in the future.

There are several more ideas that can be done as a member and/or unit

These need to be included in your reports:

1. Should you have a welcome/home event? How did you present the service member(s)? If so how many?
2. How to support troops/families? How many?
3. How the Blue/Gold Star Banner was presented? How many were there?
4. When/Where should you prepare for disaster preparedness and response for your own post/unit?

National Security doesn't only mean war; it's involved with defense/foreign relations of a country.

Something we all should know: The National Security Council History – July, 1947 (PL 235-61 Stat. 496; U. S. C. 402) established the National Security. This act is here to assist and advice the President on domestic, foreign and military policies President Truman created the NSC.
